

**CITY OF LONG BEACH
CLASSIFICATION SPECIFICATION**

TITLE: POWER EQUIPMENT REPAIR MECHANIC II

DEFINITION: Under general supervision, leads a crew and fully participates in the maintenance and repair of fractional horsepower gasoline engines and related equipment and performs other duties as required.

DISTINGUISHING CHARACTERISTICS:

This is a one position class located in the Power Equipment Repair Shop of the City Parks Department. The position functions as a working supervisor over a crew of Power Equipment Repairman I positions.

EXAMPLES OF DUTIES:

- Leads a crew and fully participates in the maintenance and repair of fractional horsepower gasoline engines, lawn mowers and edgers, lawn sweepers, chain saws, generators, pumps, and other similar equipment;
- Inspects equipment, diagnoses trouble and determines extent of repairs needed;
- Sets priorities on power equipment repair work performed in the shop;
- Assigns and inspects work of shop personnel;
- Order, receives and inventories all tools, parts and supplies used in the shop;
- Assembles and tests all new power equipment before it is sent out to the field for use;
- Trains shop personnel;
- Advises equipment operators on proper use and care of equipment;
- Assures that safe working practices are observed by all shop personnel.

MINIMUM REQUIREMENTS:

One year of experience as a Power Equipment Repairman I with the City of Long Beach.

HISTORY:

Approval/Adoption Dates: 09/01/74
