MIXED DEBRIS DIVERSION RATE ESTIMATOR

Address:	Project No.:	Date:
-----------------	---------------------	--------------

You may choose to divert the C&D debris to an approved mixed use recycling/recovery facility or to other disposal facilities based on the material type and handling method (i.e., recycled, reused, salvaged, disposed or transformed).

Diversion Requirements:

1. At least 60% of all material generated by the project must be diverted.
2. No more than 20% of the 60% can be from recycling or reuse of inert materials, such as asphalt, brick, concrete, and ceramics.

Project Type	RESIDENTIAL			NON-RESIDENTIAL		
	Remodel/ Additions	New Construction	Demolition	Remodel/ Additions	New Construction	Demolition
Project Size (SF)						
Lbs/s.f. for project type	3.31	4.38	115.00	2.85	3.89	155.00
Generation Amount (Tons)	0.0	0.0	0.0	0.0	0.0	0.0
Material Type	Total Tons To Be Generated		Tons to be Recycled	Tons to be Reused or Salvaged	Total Tons Recycled, Reused, or Salvaged	Tons to be Disposed or Transformed
Mixed Debris (mixture of inert and non-inert)						
Total Mixed Debris (Tons)						
Inert Debris						
Aggregates						
Asphalt						
Brick						
Concrete/Cinder Block						
Other:						
Inert Sub-Total (Tons)						
Non-Inert Debris						
Drywall						
Metals						
Plastic						
Roofing						
Scrap Iron						
Wood						
Misc						
Non Inert Sub-Total (Tons)						
Total (Inert + Non-Inert)						

PROJECT TOTALS

Diversion Required to Meet (in tons): 60% _____

Max. Amount of Credit for Inert Debris (in tons): _____

Amount of Non-Inert Debris Required for Diversion (in tons): _____

If less than 60% diversion is estimated, please explain: _____

ITEMIZED DIVERSION RATE ESTIMATOR

Address:

Project No.:

Date:

You may choose to divert the C&D debris to an approved recovery facility or to other facilities based on the material type and handling method (i.e., recycled, reused, salvaged, disposed or transformed).

In the table below, using your own estimates or the conversion factors provided by the Department of Development Services (contact staff for a copy), identify the weight of the C&D debris that will be generated by material type.

Diversion Requirements:

1. At least 60% of all material generated by the project must be diverted.
2. No more than 20% of the 60% can be from recycling or reuse of inert materials, such as asphalt, brick, concrete, and ceramics.

Material Type	Total Tons To Be Generated	Tons to be Recycled	Tons to be Reused or Salvaged	Total Tons Recycled, Reused, or Salvaged	Tons to be Disposed or Transformed
Inert Debris					
Aggregates					
Asphalt					
Brick					
Concrete/Cinder Block					
Other:					
Inert Sub-Total (Tons)					
Non-Inert Debris					
Drywall					
Metals					
Plastic					
Roofing					
Scrap Iron					
Wood					
Misc					
Non Inert Sub-Total (Tons)					
Total (Inert + Non-Inert)					

PROJECT TOTALS

Diversion Required to Meet (in tons): **60%** _____

Max. Amount of Credit for Inert Debris (in tons): _____

Amount of Non-Inert Debris Required for Diversion (in tons): _____

If less than 60% diversion is estimated, please explain: _____

SIGNATURE PAGE

Project Address: _____

Project No.: _____

Applicant Name: _____

Date: _____

I acknowledge that the Waste Diversion Deposit of \$ _____ will be returned after a completed FINAL REPORT AND COMPLIANCE FORM is submitted to the City within 30 days after project completion, and that the amount of deposit returned will be based on the rate of compliance. **I further acknowledge that any deposit that is returned will be returned to the person whose name appears on the receipt of the deposit.**

I also acknowledge that I, as owner, or my Authorized Agent may appeal rulings of the WMP Compliance Official in accordance with the provisions of Long Beach Municipal Code Section 18.67.090. **A Notice of Appeal must be filed within ten (10) days of the date that such ruling is made.** The decision of the Hearing Officer conducting the appeal is final and is not appealable to the City Council or to any other City body or official.

Check One:

- I, as the Property/Business Owner (Owner) of the above Project Address, fully acknowledge the requirements of the City of Long Beach Construction and Demolition Recycling Program as set forth in Municipal Code Chapter 18.67.
- I, as the Owner of the above Project Address, hereby appoint _____ to act as my Authorized Agent to sign or submit all documents, payments and/or deposits necessary to comply with the City of Long Beach Construction and Demolition Recycling Program as set forth in Municipal Code Chapter 18.67. This authorization is effective immediately and will continue until it is revoked. I hereby agree that the City of Long Beach and its agents or employees may act under it. I, as Owner, also acknowledge that I am responsible for the accuracy of the information submitted by my Authorized Agent.

FINAL REPORT AND COMPLIANCE FORM

Project Address:

Project No.:

Applicant Name:

Date:

Within 30 days after completion of your project, in the table below, provide the names (Exhibit A) of all recyclers, salvage companies, recycling facilities, mixed use material recovery facilities, landfills, or transformation facilities that were used for recycling, reuse, or disposal of C&D debris and the handling method (i.e., recycled, reused, salvaged, disposed or transformed) used by this project. Return the completed form to Long Beach Development Services.

I. DISPOSAL FACILITIES

Please name all of the facilities (i.e., landfill or transformation facility name) materials were taken:

Material Type	Disposal Facility Name	Total Tons Disposed
Total Tons Disposed		

II. RECYCLING/REUSE/SALVAGE FACILITIES

Please name all of the recycling facilities or recyclers (materials given or sold to):

If materials are taken to a mixed C&D material recycling facility, indicate name of facility and diversion percentage only.

Material Type	Disposal Facility Name	Handling Method	Total Tons Disposed
Total Tons Mixed Debris Diverted			
Inert Debris			
Aggregates			
Asphalt			
Brick			
Concrete/Cinder Block			
Other			
Total Tons Inert Debris Diverted			
Non-Inert Debris			
Drywall			
Metals			
Plastic			
Roofing			
Scrap Iron			
Wood			
Misc			
Total Tons Non-Inert Debris Diverted			

III. PROJECT TOTALS

Total Tons Generation

To the best of my knowledge, the above information is an accurate representation of the disposition of the construction and demolition materials generated on-site at the construction job. I understand that the City of Long Beach may audit disposal and recycling documentation.

PLEASE SIGN BELOW AND RETURN WITH REQUIRED RECYCLING RECEIPTS.
