My husband and I are proud to call Long Beach home and have already seen it change so much in such a short time. Most of that change has been for the better but there is still so much to do.

I am running to be YOUR city council member because we need to address PARKING, homelessness, lack of trash cleanup, and transparency to ensure our tax dollars are spent on the citizens of Long Beach.

As your City Council member, I intend to:

- **INCREASE PARKING**: It isn't right or fair to ticket residents for something the city knows is such a big problem. We need residential permit parking to ensure adequate parking for residents, all new buildings must have enough parking for their tenants, and to find new ways to create more spaces throughout the district.
- **REDUCE HOMELESSNESS**: We shouldn't be afraid to take our kids to the park. The increasing number of homeless in Long Beach needs to be addressed immediately through affordable housing and increased addiction & mental health services.
- **CLEAN UP LONG BEACH**: We need more trash cans throughout the district, clean streets and alleys, & increased bike patrols for safety.
