Department Overview

Vision:

A safe city for all people

Mission:

Public safety through partnerships

Core Values:

- Ethics – doing the right things
- Intelligence – doing things right
- Respect – treating people right

Priorities:

- Principles - Promote the constitutional rights and liberties of all people through professional, proactive, compassionate and innovative full-service policing.
- Practices - Implement the best tools and technology available to solve problems, reduce crime, and maximize results.
- Partnerships - Engage in partnerships with a broad network of stakeholders, including public, private, and non-profit communities, to develop and deliver effective solutions to crime and quality of life problems.

FY 19 Focus:

The focus of the FY 19 budget is to leverage partnerships to maximize the Department's resources to deliver public safety solutions and services while building trust with the community. FY 19 will be distinguished by several high-profile technology projects that will enhance the Department's efficiency, productivity, and compliance with new federal and state data reporting standards. One identified challenge in FY 19 is a higher than average attrition, which will impact the Department's ability to maintain its budgeted staffing levels. Multiple initiatives incorporated in the FY 19 budget will allow the Department to accomplish its technological goals and pilot new staffing initiatives.

Technology Innovations

The Department's original bodyworn camera (BWC) pilot program took place in FY 17 and has demonstrated the benefits of BWC technology. Under the current deployment plan, 200 BWC cameras will be deployed to police personnel over the course of FY 19.

New federal and state data reporting standards require the Department to upgrade its core and central data repository systems and increase the use of mobile applications and cell phone devices. In FY 19, the Department will implement a new Records Management System to comply with new federal National Incident Based Reporting Standards. Furthermore, AB 953 was approved by the California legislation in 2017 and requires law enforcement agencies to annually report to the State Attorney General data for every citizen "stop" conducted by a Police Officer. The Department is currently developing a mobile application solution with the goal to make this an efficient and streamlined process for sworn field personnel.

Staffing Initiatives

Onboarding new sworn staff is a priority for FY 19. This will be accomplished by funding of a 2nd Police Recruit Academy to supplement the efforts of the annual Police Recruit Academy. New pilot staffing programs will enhance recruitment efforts to increase police lateral transfers to PD, explore use of civilian personnel to assist with response to Priority 3 calls for service, and support a new partnership with the Office of Civic Innovation to assess the Department's police recruitment process.

Department Performance Measures

Key Measure	FY 17 Actual	FY 18 Target	FY 18 Actual	FY 19 Projection
Average response time to Priority 1 calls for service (minutes)	4.7	5.0	4.5	5.0

For FY 19, it is anticipated that resources will allow the Department to continue to respond to Priority 1 calls for service in an average of 5.0 minutes or less. Priority 1 calls are potentially life-threatening emergencies, such as a shooting or a robbery in progress. This level of call receives the Police Department's fastest response time.

Key Measure	FY 17 Actual	FY 18 Target	FY 18 Actual	FY 19 Projection
Violent crime rate (violent crimes per 1,000 residents)	6.3	6.3	7.0	5.9

Violent crimes per 1,000 residents are based on a population of approximately 485,000 (from the American Community Survey). The violent crime rate showed signs of increases in the first part of FY 18. The projection for FY 19 is based on the average violent crime rate for the past five years. The Department will continue to maximize technology and data driven strategies to optimize resources to impact violent crime.

Key Measure	FY 17 Actual	FY 18 Target	FY 18 Actual	FY 19 Projection
Number of calls for service responded to	591,525	600,000	616,692	600,000

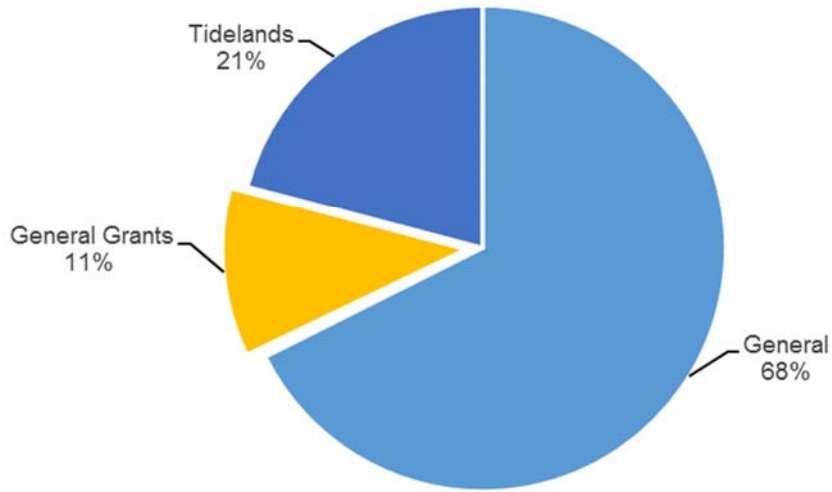

In FY 18, Officer response to calls for service (CFS) and Officer initiated activities have increased slightly. Community outreach efforts by promoting the "See Something, Say Something" campaign through the expanded use of technology and social media, and participation in community meetings are likely contributing factors.

FY 18 Accomplishments

- In calendar year 2017, Police Officers were dispatched to 210,984 calls for service.

The Department of Health and Human Services, CSULB, and the California Conference for Equality and Justice are partners in carrying out the program requirements of this grant.
- Ended an initial body-worn camera pilot program in November 2017 and began new body-worn camera deployment plan in FY 18.
- Partnered with the City's i-team on the Long Beach Justice Lab, working as part of a multidisciplinary team to identify and deploy services more effectively to people who frequently come in contact with the justice system.

- In FY 18, the Police Department was awarded nearly \$1.5 million in 2017 Port Security Grant Program (PSGP) funding.
- In FY 18, the Police Department was awarded over \$1.5 million in various law enforcement grant funding.
