## SCHOOL DISTRICTS & CHARITABLE FOOD OPERATIONS GUIDELINES

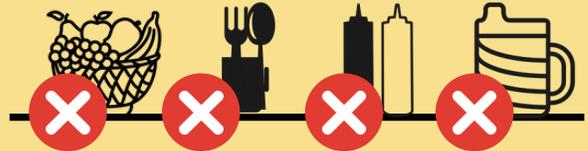

Food distribution sites and similar establishments shall be closed for onsite dining and shall only allow drive-through or other pick up/delivery options.

Serving lines and self-service of open/unpackaged food are prohibited. Food must be packaged by an employee or volunteer in a Health Department approved kitchen prior to distribution.

Ensure physical distancing of a minimum of six feet between non-family members during food pick-up.

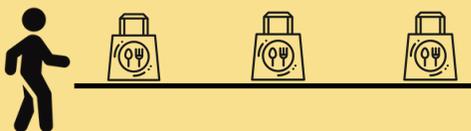

Remove all self-serve food, utensils, cups and condiments.

Provide a handwash sink stocked with soap and water for handwashing and hand sanitizer that contains at least 60% alcohol for clientele.

Perishable food must be maintained at  $\geq 135^{\circ}\text{F}$  or  $\leq 41^{\circ}\text{F}$  or be disposed of.

Provide a clean pick up area that is spaced out to meet physical distancing requirements where clientele/delivery services can pick up food.

All food must be obtained from an approved source.

Store all food off the floor and away from overhead contamination.

Post menus at the distribution site and/or online whenever possible to prevent overcrowding and long lines.
