It is the right of all residents to pursue their daily lives with the knowledge that they will not be threatened with violence or physical harm. The City will vigorously fight criminal activity known as hate crimes with all resources at its disposal” (*City of Long Beach Human Dignity Policy, 1998*). WE EDUCATE. Increasing understanding, appreciation and acceptance, while building inclusive communities

The Human Dignity program provides **Diversity Acceptance and Training** to increase understanding through community forums, trainings and dialogues, including hate crime education programs and inter-group and intergenerational dialogues. Such programs are provided in partnership with local human relations organizations.

WE RESPOND. Providing support, crisis intervention, and mediation

The Human Dignity Program **Assistance Team** provides a responsive service to those in need through *Hate Crime Response* and *Inter-Group Conflict Resolution*. The Team is a highly trained, diverse group of individuals who are on call seven days a week to assist victims of hate crimes or bias incidents. The Team also mediates and resolves individual and community bias-related inter-group conflict to prevent confrontations from escalating or becoming destructive.

If you suspect you are a victim of a hate crime or bias incident:

Call the Long Beach Police Department 9-1-1 or 562-435-6711 (non-emergency)
