

POLLUTION PREVENTION (P2)

Best Management Practices:

- Inspect equipment for leaks and malfunctioning parts.
- Store all chemicals in spill-proof containers.
- Keep hazardous waste containers covered and labeled.
- Avoid using aerosol products.
- Do not hose down work areas.
- Sweep or vacuum floors frequently.
- Send rags from spill clean-up to industrial laundry.
- Keep refuse disposal containers covered.
- Purchase reusable products and durable equipment.
- Use a pump or spigots to dispense liquids.
- Train employees on best management practices.
