

**CITY OF LONG BEACH
CLASSIFICATION SPECIFICATION**

TITLE: EQUIPMENT MECHANIC I - II

DEFINITION: Under general supervision, performs journey-level work in the maintenance, repair and overhaul of a wide variety of automotive, construction and other gasoline or diesel-powered equipment.

DISTINGUISHING CHARACTERISTICS:

Equipment Mechanic II is distinguished from the I Grade Level by having lead supervision over a crew of two or more subordinates, or has attained a degree of proficiency and versatility sufficient to warrant a merit increase in accordance with established guidelines.

EXAMPLES OF DUTIES:

- Inspects and tests equipment to locate and determine the extent of damage or malfunction;
- Determines corrective steps to be taken;
- Repairs, overhauls or replaces engines, transmissions and differentials;
- Rebuilds or replaces defective parts;
- Tunes engines using electronic engine analyzers;
- Replaces and adjusts fuel, electrical, cooling, and emission control systems or components thereof;
- Replaces defective chassis parts;
- Overhauls mechanical, hydraulic, booster, and vacuum systems;
- Installs and repairs accessories;
- Assists in building truck bodies and other maintenance equipment;
- Repairs minor equipment body damage;
- Observes safety rules and regulations;
- Performs other related duties as required.
