APPLICATION

Applications must be completed (and typewritten whenever possible) by the petitioner (which may be the building owner or company officer, architect, engineer, etc) and signed by the building owner or company officer. **Where multiple projects exist, separate applications must be submitted for each project.**

MAKING THE REQUEST

The request portion of the application form contains a clear statement of the issue that the Building Official is requested to address. Please indicate the date to commence building or construction work (not to exceed ninety (90) days from the date permit was issued or from the date the building or construction work was suspended or abandoned pursuant to Long Beach Municipal Code §18.04.060.A).

JUSTIFICATION OR FINDING OF EQUIVALENCY

The justification portion of the application form must state the basis for the request. In addition, **all applications shall have a letter attached** describing the scope of the project, substantiating the claim of impracticality or hardship, and elaborating on the reason and justification for the granting of the request. The Department must receive satisfactory evidence that unusual construction difficulties exist that prevented the applicant from commencing or completing the construction work prior to the expiration of the permit or prior to being suspended, discontinued, or abandoned for a continuous period of ninety (90) days. The request letter shall be addressed to:

Building Official

Where additional information or clarification will be necessary for the review, staff will contact applicants.

The initial **non-refundable filing fee** to review the application is set forth in the schedule of fees and charges established by City Council resolution. This fee must be collected and paid with all applications requesting action by the Building Official.
