Submittal Requirements for Wireless Telecom Applications

This list contains the application requirements for Planning permits (entitlements) for wireless telecom applications. Separate materials are required for submittal to plan check with Building & Safety. Please contact Building & Safety at (562) 570-6651 to determine their application requirements for plan check.

Required for All Wireless Applications:

- Wireless Telecom Application form
- Letter of Authorization from Carrier to Vendor
- Property Owner Permission, consisting of one of the following:
 - Letter of Authorization from Property Owner (this must be from the owner or property management company, and not from a lessee, i.e. tower management company, etc.), or
 - Copy of Carrier's Lease showing that carrier has explicit authorization to make alterations to the site without further property owner approval.

Additional Materials:

Site Plan Review Committee Approval (existing sites and new co-locations only)

- 1 full-size set of plans.
- 3 reduced-size sets of plans (11 × 17" or 50% of full-size plans).
- 3 sets of photo-simulations, with at least 3 views of the site. If no exterior visible work is proposed, photographs of the site may be substituted.
- List and map of all on-air sites in Long Beach belonging to the subject carrier.
- RF report prepared by 3rd party RF engineering consultant showing the site will comply with FCC regulations. This may be submitted after the final site design is established to avoid the need to revise the report.

Planning Commission Approval (new-build sites only)

- 3 full-size sets of plans.
- 15 reduced-size sets of plans (11 × 17" or 50% of full-size plans).
- 15 sets of photo-simulations with at least 3 views of the site.
- Coverage and propagation maps.
- Detailed alternatives analysis explaining options for co-location instead of a new-build site and discussing feasibility of each option.
- List and map of all existing sites (by all carriers) within a mile of the proposed site.
- List and map of all on-air sites in Long Beach belonging to the subject carrier.
- RF report prepared by 3rd party RF engineering consultant showing the site will comply with FCC regulations. This may be submitted after the final site design is established to avoid the need to revise the report.
- CEQA Categorical Exemption form.

These application requirements are subject to change and may be updated periodically at the discretion of the Zoning Administrator. If you have any questions about the application requirements, please call the Zoning Information Line at (562) 570-6194 prior to submittal.
