In conformance with Section 15072 of the State CEQA Guidelines, please post this Notice for a period of 30 days. Enclosed is the required fee of $75.00 for processing.

Notice is hereby given that the Long Beach Planning Commission, Lead Agency for the purposes of CEQA, proposes to adopt a Mitigated Negative Declaration (MND 07-09) for the project described below:

**Project Location**
3300 Atlantic Avenue

**Project Title**
Fresh & Easy Neighborhood Market

**Project Description**

The project site consists of ten lots on 1.38 acres: five located in the City of Long Beach and five in the City of Signal Hill. The five lots located in Long Beach total 30,198 square feet and are located on the east side of Atlantic Avenue and north of East 33rd Street at 3300 Atlantic Avenue. The easterly 30’ of these lots are located in the City of Signal Hill. The five lots located in Signal Hill also total 30,198 square feet and are located west of Lime Avenue and north of East 33rd Street. Currently, the Long Beach site is improved with a single-story commercial building and a single-story auto repair building. The lots in Signal Hill are improved with the following structures: 3301 Lime Avenue - single-story industrial building; 3311 Lime Avenue - single-story commercial/industrial building; and 3341 Lime Avenue - single-story industrial building.

The applicant is proposing to construct a new single-story, 14,304 square-foot Fresh & Easy Neighborhood Market with 17 parking spaces north of the building on the .69-acre Long Beach site. Two accessory parking lots, separated from the market by a 20’ wide alley and containing a total of 52 parking stalls, comprise the remaining project acreage and lie within the City of Signal Hill. The lots in Signal Hill consist of a 100’ wide x 120’ deep parcel and a 150’ wide x 120’ deep parcel separated by 100’. Both of these lots will be improved as open parking lots for the retail use. The parking lots also contain a trash enclosure, transformer, and cart corral.

Ingress and egress to the market’s property parking lot would be taken from both Atlantic Avenue and the abutting alley to the east; ingress and egress to the accessory parking lots would be taken from both the alley abutting their western property lines and Lime Avenue.
The MND 07-09 Initial Study has determined that no significant impacts would occur to any resource areas as a result of this project.

PUBLIC COMMENT PERIOD: The public comment period during which the City of Long Beach will receive written comments on this Mitigated Negative Declaration is:

Beginning: Monday, January 25, 2010  Ending: Wednesday, February 24, 2010

The City of Long Beach must receive all written comments relating to this Mitigated Negative Declaration no later than 4:30 PM on Wednesday, February 24, 2010. Comments should be sent to:

Lynette Ferenczy  
City of Long Beach  
Department of Development Services
