

## City of Long Beach Office of Sustainability

### Project Intern

#### Description

The City of Long Beach Office of Sustainability works to create a more sustainable community by engaging with individuals, neighborhoods and government to reduce our impact on the environment and protect our local natural resources. Long Beach Sustainability reports to the City Manager's Office and supports the Sustainable City Commission, an advisory body to City Council.

Join our team by proposing a project you can accomplish to make Long Beach more sustainable. What skills and expertise can you bring to our programs? What issue are you most passionate about to make our City more environmentally friendly? Send us your project proposal and work with our team to make it a reality.

#### Responsibilities

- Propose a project and refine your idea with Sustainability staff
- Work collaboratively with the Sustainability team to carry out the internship project

#### Requirements

- At least junior standing with a GPA of 3.0 or higher
- Pursuing a degree in a related field (Environmental Science/Policy, Public Administration/Policy etc.)
- Available to work a minimum of 10 hours per week during regular M-F 9-5 work schedule
- The creativity and drive to bring your ideas to life

#### How to Apply

Send your resume, letter of recommendation, and cover letter outlining your project proposal to [Courtney.Chatterson@longbeach.gov](mailto:Courtney.Chatterson@longbeach.gov) by May 15, 2019.

This is an unpaid internship and can be used for college credit. Interns will enjoy flexible schedules & work in downtown Long Beach.
