

Date: May 3, 2021

To: Mayor and Members of the City Council

From: Thomas B. Modica, City Manager 

Subject: **Report on 2020 CARES Act Program Outcomes**

Following the City Council's July 14, 2020 approval of a spending plan for the City's \$40.28 million Coronavirus Aid, Relief, and Economic Security (CARES) Act allocation, the City Manager coordinated a process to implement the 23 City Council-approved programs. The attached CARES Act 2020 – Community and Business Support Program Outcomes Data report summarizes the important work carried out under the CARES Act funding. The report is available on the City's [CARES Act website](#). These programs benefited those who live or work in Long Beach, including working families, individuals, businesses, business associations, arts groups, nonprofits, and community-based organizations. The assistance provided made a critical difference to those most vulnerable populations in the City.

Of the CARES Act Funding, \$19.1 million was dedicated to the City's direct COVID-19 response, and \$20.1 million was allocated for business and community support programs designed to provide direct financial assistance and a variety of support services and programs to businesses, residents, and community organizations. The programs were targeted to the communities and businesses most affected by the impacts of COVID-19 and were designed to ensure equity considerations across the City's hard-hit Latinx, Black, Cambodian, and other communities of color. In partnership with local nonprofit and community-based organizations, the City conducted significant outreach to these targeted communities.

In July 2020, City staff began the process to develop, implement, and monitor these City Council approved programs, several of which included multiple components. Time was of the essence in the delivery of these programs and services due to the economic, health, and employment impacts being experienced throughout Long Beach. The programs were developed and rolled out in record time. Some programs were operational as early as September 2020, with many of the business grants being committed by the end of September 2020.

If you have questions on any of the information in this report, please contact Assistant City manager Linda F. Tatum at linda.tatum@longbeach.gov or (562) 570-6916.

HOW THE CITY PROMOTED INCLUSIVE & EFFICIENT PROCUREMENT

- Produced Online Procurement 101 video in English, Spanish and Khmer
- Simplified Request for Proposals (RFP) paperwork for easier vendor access
- Lowered insurance requirements to reduce barriers for vendors
- Conducted extensive outreach to local vendors in English and Spanish
- Dedicated staff to answer calls and emails to help vendors navigate PlanetBids procurement system
- Expedited contract and RFP processing timeframes

TESTIMONIALS

"The shelter helped me with my anxiety, and it helped me to find my housing options."
-Congregate Shelter Participant

"I have been in and out of homelessness throughout my life; because of addiction and my disability. [The shelter] was nothing like I have ever experienced - it was safe, it was clean, and I was really surprised because I felt safe and the staff were really helpful."
-Congregate Shelter Participant

NON-PROFIT RELIEF FUND

The Non-Profit Relief Fund awarded grants to organizations that served communities impacted by COVID-19

TOTAL FUNDING AMOUNT
\$1,215,000

TESTIMONIALS

"It has given me great joy to see truly multicultural teaching and learning happen across color, gender, and cultural lines, not to mention spanning several generations. It is my sincere hope that city funds continue to enable more of these events to take place and continue making LGBTQ+ residents' lives better in these unprecedented times."
-Maru Lozano

"During a time when I was feeling a little bit of hopelessness seeping into my consciousness, the Earthlodge Center offered, not only myself, but to our community a beacon of love and hope."
-Amber
