## Past Events

### CSULB Pow Wow Last Weekend

Last Saturday and Sunday, CSULB hosted their annual Pow Wow, an American Indian social celebration, on the central quad. The largest spring event of its kind in Southern California, the Pow Wow at Cal State Long Beach is focused on displaying the University's strong American Indian presence. This two day event featured American Indian dancing, arts, crafts and food.

### Long Beach Water Department Update

On Monday afternoon, I met with Chris Garner, General Manager, and Anatole Falagan, Assistant General Manager, of the Water Department. They shared that the LBWD recently conducted a thorough rate study that evaluated all of the utility's costs for providing both water and sewer services, including costs such as different sources of water

supplies, pipeline maintenance and repairs, water quality assurance, and conservation programs. Consistent with the legal requirements of Prop 218, these costs were then allocated amongst the varying customer classes to ensure customers are paying for their fair and reasonable share of those costs. The result is a proposal to readjust the current water and sewer rates and structures, effective July 1, 2017. While the overall proposal is revenue neutral to the Water Department, the new rates/structures will have varying impacts to residential customers: average volume users should see little or no change, low volume users should see an even lower water/sewer bill than under current rates, and high volume users will see higher water bills.

## Housing Authority Family Self Sufficiency Graduation

Tuesday evening at the City Council meeting, we celebrated the individuals who completed the Family Self Sufficiency (FSS) program through the Long Beach Housing Authority. FSS enables families assisted through the Housing Choice Voucher program, Public Housing residents, and residents of Native American Housing Assistance and Self-Determination Act-assisted housing to increase their earned income and reduce their dependency on welfare assistance and rental subsidies. Under the FSS program, low-income families are provided opportunities for education, job training, counseling and other forms of social service assistance, while living in assisted housing, so they can obtain skills necessary to achieve self-sufficiency. Congratulations to the all the graduates including three Fourth District residents: Abner Benavides, Shanena Whitson and Nekeita Williams.

## CalTrans Adopt a Highway in Council District 4

The Caltrans Adopt-A-Highway Program provides an avenue for individuals, organizations, or businesses to help maintain sections of roadside within California's State Highway System. Groups have the option to participate as volunteers or to hire a maintenance service provider to perform the work on their behalf. At our

Quarterly Caltrans meeting on Wednesday, I agreed to adopt a segment of the 405 FWY that borders the Fourth District. If you are interested in volunteering please contact our [office](#) for more details.

## Beach Streets Community Meeting

Wednesday evening, I attended a community meeting for the upcoming Beach Street University event. They discussed the logistics and what residents should expect. I am very excited to see this event being planned for the Los Altos Neighborhood. If you have any questions or would like to volunteer during the event please contact the [Special Events Office](#).

## Carl's Jr. Closes for Demolition

Earlier this week, the Carl's Jr. Restaurant at PCH and Ximeno was closed, and demolition has already begun to make way for a new Rite Aid store. Carl's Jr. is moving just a few hundred feet toward the traffic circle. The plan was to open the new Carl's Jr. when the old location closed, but rainstorms over the past months caused numerous construction delays. Below are photos of the old sign removal and new construction.

## LGB Flight Slots Awarded to Southwest Airlines

Thursday afternoon, the Long Beach Airport announced that Southwest Airlines has been offered two air carrier flight slots, which will be available for their use beginning August 1, 2017. Last month, American Airlines advised the Airport that it was reducing service at LGB and elected to return two of their five permanent air carrier flight slots effective February 16, 2017. In accordance with City Council Resolution C-28465, these two permanent flight slots have been offered to Southwest Airlines because of their status as a "new entrant carrier" at the Airport.

## And Finally

### **Apartment Fire at 17th St. and Junipero Ave.**

During the city council meeting on March 7th, I received a note that there was an apartment fire in CD4. The next note stated it had gone to a 2nd alarm, and fire resources from all over the city were responding. Then, I was told there were news helicopters overhead. Imagine the relief when word came in that firefighters had it knocked down in less than an hour. Equally impressive was that firefighters confined the damage to a single unit of the apartment building. ABC7 captured the Long Beach Fire Departure in action (video below). A big thank you to LBFD for the quick response!
