Past Events

30th Annual Martin Luther King, Jr. Parade

Last Saturday, we celebrated the 30 anniversary of the Martin Luther King, Jr. Parade. I had the honor and privilege of participating with our own local civil rights trailblazer, Councilman Dee Andrews. It was nearly 60 years ago that Dee Andrews became the first African American to be elected Student Body President of Poly High School. To put that milestone in perspective, it was five years before the 1964 Civil Rights Act and three years before the first African American firefighter was hired by the LBFD. Congratulations to parade organizers on another successful event, and thank you to Councilman Dee Andrews for all you've done, and continue to do, for Long Beach!

Newton Chiropractic Open House

Last Saturday, I stopped by Newton Chiropractic for their open-house/patient appreciation

party. Dr. Anna Pearl gave tours of the offices and overviews of all the services provided. Guests were treated to refreshments and live entertainment provided by world-renowned blues musician (and Anna's dad), Bernie Pearl. Newton Chiropractic is located at 2221 Palo Verde Ave, Suite 1J. Check out their [website](#) or [Facebook](#) page for additional information.

Last Sunday, LBFD Firefighters returned home from the Montecito mudslides. NBC4 News was at the LBFD Training Center, next to Stearns Park in CD4, to cover the event. You can view the segment which includes footage from their rescue of a 14-year-old girl at this [link](#).

The Long Beach Airport released the Monthly Noise Report for November 2017 this week. Serving the community since 1985

And Finally

Anaheim & Cherry Circa 1955

As you can see in the vintage photos below, traffic and parking had become challenges on the Anaheim Corridor as far back as 60 years ago. Next to McCoy's Markets is Vermillion's Rexall Drugs that is still there today. Bank of America is also still at the S/E corner of Anaheim and Cherry, but the original building was demolished to make way for a

parking lot. The reason the sign reads McCoy's Markets (plural) is because there were three of them on the CD4 section of the corridor. In addition to McCoy's, there were nine other grocery stores (for a total of 12) just on the south side of Anaheim between Cherry and Ximeno.
