## Past and Ongoing Events

### Ballot Drop Boxes at Stearns Park & Freeman CC

Vote Center Facility Drop Boxes have been installed at Stearns Park and the Freeman Community Center in Council District 4. The agreement with the Los Angeles County Registrar-Recorder/County Clerk (LARRCC) will facilitate voter accessibility and convenience for the September 14th California Gubernatorial Recall Election and future elections. A list of all ballot drop box locations citywide is at this [link](#).

### LB Reopens Emergency Rental Assistance Program

The City has reopened the Long Beach Emergency Rental Assistance Program (LB-ERAP) for qualified landlords and tenants to apply for pandemic-related rental assistance. The reopening of the program is due to an additional \$13.1 million the City has recently received in state and federal funding, bringing the program budget up to \$64 million. Read the press release at this [link](#).

### CD4 Redistricting Meeting at Browning HS

Thanks to all those who participated in the Long Beach Independent Redistricting Commission CD4 meeting on Wednesday night. Many residents attended in person and online, and far more submitted email comments. At last count, the commission had received [85 emails](#). The best news for attendees was that staff decided to create a new map that does not break up the Los Altos neighborhood. You can learn more about the commission and next steps in the process at this [link](#). As we noted in last week's newsletter, City Council has no role in this process and cannot provide input. The City Attorney has indicated that Charter section 2506(c) specifically prohibits the Commission from considering the place of residence of any incumbent or political candidate in the creation of a map. More information about the redistricting process is at this [link](#).
