## Past and Ongoing Events

### Redistricting Changes Take Effect December 18th

Barring any last minute legal challenges, the newly drawn council districts will go into effect tomorrow, December 18th. Our office will continue to handle all CD4 requests during the transition period. If you'd like to reach out to your new council district, please use the email addresses listed below. The changes to the 4th council district borders are substantial, and all neighborhoods leaving CD4 are south of PCH:

- Clark to Redondo will be in CD3 - [District3@longbeach.gov](mailto:District3@longbeach.gov)
- Redondo to Junipero will be in CD2 - [District2@longbeach.gov](mailto:District2@longbeach.gov)
- Junipero to Gardenia will be in CD6 - [District6@longbeach.gov](mailto:District6@longbeach.gov)

For CD3 and CD5 residents coming to the 4th, please contact us at - [District4@longbeach.gov](mailto:District4@longbeach.gov)  
If you're not sure if your council district is changing, check the zoomable map [here](#). We will post the new CD4 final map in next week's newsletter.

### "Just the Facts" on Filing a Police Report

If you are a victim of any crime, no matter how petty, it is very important to file a police report. This especially true for residential burglaries and auto burglaries... whether or not your car was locked. This is the only way for the police to compile crime stats, and the data will determine the need for extra police patrols. While you can share neighborhood crime issues online, LBPD does not monitor social media sites. Our council office is more than willing to request police services, but the request needs to be supported by documentation from official police reports. You can file a report by calling police dispatch at (562) 435-6711 or online at this [link](#).

## And Finally

### Holiday "Greetings" from Fire Station 22

Below, this 61-year-old photo of Fire Station 22 was taken long before anything was built on the CSULB lower campus. Engine 22 and the Chief's car, a '57 Chevy, are parked on the apparatus floor. The CSULB upper campus and water tower are visible in the background. The photo caption from the LBFD archives reads: *Night view of ranch-style fire station, located at 6340 Atherton Street. Holiday lights and tinsel frame fire engine bay and windows, and lighted sign on front wall says "Greetings".*

Tomorrow, Fire Station 22 and the CSULB campus will become part of District 4. The photo at right shows Granddaughter Kayla on the bumper of Engine 22. This week, she got to see the fire station where her great-grandfather served in the 1970's.
