## Past and Ongoing Events

### LBWD Well Construction Begins at Stearns Park

With the record-breaking drought continuing, the Long Beach Water Dept. is working to ensure greater access to groundwater. Work has begun on the Stearns Park Groundwater Wells Project. Last week, crews began the destruction of Well Alamitos 9 located at the north end of the park at the corner of 23rd Street and De Ora Way. The well has been filled in with concrete and will be capped off so that it can safely be decommissioned before work begins on the new Well Alamitos 9A. Four trees surrounding the existing well were also removed and additional trees surrounding the project site have been trimmed. In the coming weeks, preparation for drilling will begin as well

as demolition of the above-ground equipment from the existing well. The 24-foot sound walls are set to be installed at the end of the month. For questions or concerns, visit [lbwater.org/steams](http://lbwater.org/steams) or call project manager Nik Baykal at (562) 570-2347.

## EDPSNA Annual Meeting

Thanks to the El Dorado Park South Neighborhood Association for the invitation to attend their annual meeting on Wednesday night. LBPD East Division Commander Michael Richens and I had the honor of being guest speakers. There was a very nice turnout of neighbors who are both well-informed and show a lot of pride in their neighborhood. As a new representative to the area, I could not have asked for a warmer welcome... and it included an EDPSNA t-shirt!

## MWD Watering Restrictions for Five More Days

An emergency repair to a pipeline bringing water to Southern California has led to a regional call for significant water use reduction for up to 15 days starting Sept. 6. Metropolitan Water District of Southern California, or MWD, the agency that provides imported water to much of the region, needs to repair a leaking pipeline that brings water from the Colorado River to the region. About 30 percent of Long Beach Water is purchased from MWD. You can read the LBWD memo at this [link](#).
