Breaking Airport News

Update on GA Operations at LBG

This morning at 11:32 am, the Mayor and Council received a memo from City Manager, Tom Modica, titled: "Update to General Aviation Operations at Long Beach Airport." It contained a report from Airport Director, Cynthia Guidry, that opened with: "This update addresses the status of the seven recommendations identified in the GA Report and provides updated data on GA operations and runway usage for Runways 26L and 26R. Additional questions received from the community are also answered and included as an attachment. The Airport remains committed to and engaged in finding meaningful opportunities to improve quality of life within our authority to address community concerns". You can read Director Guidry's entire 39-page update at this [link](#).

Past and Ongoing Events

Lane Closure on Atherton St. Thru April 10th

March 13th - April 10th | 6500 block of Atherton St.

Wednesday morning, March 13th, the left lane of westbound

Atherton Street was closed for the emergency repair of a large sewer main between Josie Ave. and the Los Cerritos Channel. The construction is expected to extend through the first week of April. The good news is that the left turn pocket at Iroquois Ave. into the La Marina neighborhood will remain open throughout the construction project. Special thanks to an alert CD4 resident who spotted a depression in the pavement and reported it to our office. We immediately forwarded the potential sinkhole report to Long Beach Utilities, and a more serious cave-in situation was averted. You can read more information from LB Utilities [here](#).

Celebrating the 51st Annual CSULB Pow Wow

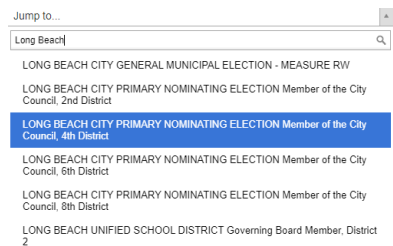

Last weekend, we celebrated the 51st Annual CSULB Pow Wow. According to American Indian Studies Program Director, Craig Stone, CSULB's Pow Wow is the largest gathering of American Indians in Los Angeles and Orange County. Established by American Indian students in 1969, it is the largest and oldest continuously running student-sponsored event on campus. You can read more about the this year's celebration at this [link](#) and view the video by clicking on the arrow. March 5th Primary Election Results Update

Our office has received a number of inquiries about the outcome of the District 4 election. The answer is we don't know because the votes are still being tabulated by the Los Angeles County Registrar-Recorder. You can find updates on the County's website [here](#). As shown in the graphic, type in the words "Long Beach" to jump to the results of the local election. The County is scheduled to certify the election on March 29th.

Long Beach Veterans Banner Program

The City of Long Beach is accepting nominations for the first-ever Long Beach Honors Veterans banner program. The Office of Veterans Support and the Long Beach Veterans Commission will oversee the administration of up to 25 banners to be displayed across the city for one year beginning in May 2024.

The community is encouraged to nominate a veteran, living or deceased, who was in Active Duty, Reserve or National Guard to be honored with a light pole banner. Read more about the program and nomination requirements at this [link](#).

And Finally...

Before the "Studebaker Curve" Existed

With the Atherton Street sewer main construction this week, I thought it would be interesting to take a look at a November 1952 aerial photo of the area. I knew that Atherton remained a dirt road even after the X-100 and La Marina neighborhoods were built. I discovered something new from the photo related to Studebaker, not Atherton. It turns out that Studebaker Road was not connected between Anaheim Road and Atherton Street in 1952. I'm not sure what caused the delay in the connection, but the northern section of Studebaker and the southern section certainly were not aligned. It's pretty clear from the photo that it was going to require quite a curved road

to connect north to south, and that's exactly what we have today.
