- ⁽¹⁾ Actuals based on General Fund Statement of Revenues and Expenditures, and change in fund balance on a Non-GAAP budgetary basis.
- ⁽²⁾ Includes sales and use tax, measure A, transient occupancy tax, utility users tax, other taxes and property tax in lieu of sales and use tax from Proposition 57.
- (3) Fund Type Definitions: the City reviewed all the governmental fund revenue streams and made reclassifications for FY 2011 as follows: Motor Vehicle in Lieu Tax and Property Tax in Lieu of Vehicle License Fees from Other Agencies to Property Tax, Pipeline and Electrical Franchise Fees from Other Taxes to Franchise Fees (new category), Pipeline Safety Fees from Charges for Services to Franchise Fees, and Private Refuse Hauler Franchise Fees from License and Permits to Franchise Fees. In addition, the Upland Oil Fund was reclassified from a Special Revenue Fund to a subset of the General Fund and Debt Service payments were transferred from General Fund to a newly created General Debt Service Fund.
- ⁽⁴⁾ The encumbrances line item is retained for presentation purposes for disclosure; it no longer applies within the Comprehensive Annual Financial Report in the budget columns. Thus, the encumbrance line is to be considered an adjustment for budgetary basis in the actuals column; it is actually comprised of the net of encumbrances less the change in mark-to-market and other adjustments.

Note: In 1978, California voters passed Proposition 13 which set the property tax rate at a 1% fixed amount. Valuations of real property are frozen at the value of the property in 1975, with an allowable adjustment up to 2% per year for inflation. However, property is reassessed to its current value when a change of ownership occurs. New construction, including tenant improvements, is assessed at its current value. This 1% is shared by all taxing agencies for which the subject property resides. In 1986, the State Constitution was amended to allow rates over the 1% base rate for voter approved general obligation debt.
