

REPORTABLE DISEASES AND CONDITIONS

Title 17, California Code of Regulations (CCR) §2500

It shall be the duty of every health care provider, knowing of or in attendance on a case or suspected case of any of the diseases or condition listed below, to report to the local health officer for the jurisdiction where the patient resides. "Health care provider" encompasses physicians (surgeons, osteopaths, oriental medicine practitioners), veterinarians, podiatrists, physician assistants, registered nurses (nurse practitioners, nurse midwives, school nurses), infection control professionals, medical examiners/coroners, dentists, and chiropractors, as well as any other person with knowledge of a case or suspected case. Additionally, healthcare providers are required to include hospitalization status, if known.

This list is specific to Long Beach and may differ from state and federal reporting requirements.

URGENCY REPORTING REQUIREMENTS

 **Report immediately by telephone**

 **Report by Fax or Email within 1 working day**

 **Report within 7 calendar days from time of identification**

REPORTABLE DISEASES

- | | | |
|--|---|--|
| <ul style="list-style-type: none">  Anaplasmosis  Anthrax, human or animal  Babesiosis  Botulism (Infant, Foodborne, or Wound, Other)  Brucellosis, animal (except infections due to <i>Brucella canis</i>)  Brucellosis, human  Campylobacteriosis  <i>Candida auris</i> (C.auris) colonization or infection  Carbapenem-resistant Enterobacterales (CRE) in acute care hospitals and skilled nursing facilities*  Chancroid  Chickenpox (Varicella) outbreaks, hospitalizations, and deaths  Chikungunya Virus Infection  Cholera  Ciguatera Fish Poisoning  Coccidioidomycosis  COVID-19 (hospitalizations only)  Creutzfeldt-Jakob Disease (CJD) and other Transmissible Spongiform Encephalopathies (TSE)  <i>Cronobacter sakazakii</i> infections in infants less than one year of age | <ul style="list-style-type: none">  Cryptosporidiosis  Cyclosporiasis  Cysticercosis or Taeniasis  Dengue Virus Infection  Diphtheria  Domoic Acid Poisoning (Amnesic Shellfish Poisoning)  Ehrlichiosis  Encephalitis, specify etiology: Viral, Bacterial, Fungal, or Parasitic  <i>Escherichia coli</i>, shiga toxin producing (STEC) including <i>E. coli</i> O157  Flavivirus Infection of Undetermined Species  Foodborne Disease  Giardiasis  Gonococcal Infections  <i>Haemophilus influenzae</i>, invasive disease, all serotypes, less than 5 years of age  Hantavirus Infections  Hemolytic Uremic Syndrome  Hepatitis A  Hepatitis B, specify acute, chronic, or perinatal  Hepatitis C, specify acute, chronic, or perinatal | <ul style="list-style-type: none">  Hepatitis D (Delta), specify acute case or chronic  Hepatitis E, acute infection  Human Immunodeficiency Virus (HIV) infection (acute)  Human Immunodeficiency Virus (HIV) infection (any stage)  Human Immunodeficiency Virus (HIV) infection, progression to stage 3 (AIDS)  Influenza-associated deaths in laboratory confirmed cases less than 18 years of age  Influenza due to novel strains, human  Legionellosis  Leprosy (Hansen Disease)  Leptospirosis  Listeriosis  Lyme Disease  Malaria  Measles (Rubeola)  Melioidosis  Meningitis, specify etiology: Viral, Bacterial, Fungal, Parasitic  Middle East Respiratory Syndrome (MERS)  Mpox or Orthopox virus infections |

REPORTABLE DISEASES AND CONDITIONS

Title 17, California Code of Regulations (CCR) §2500

REPORTABLE DISEASES

-  Multisystem inflammatory syndrome in children (MIS-C)
-  Mumps
-  **Neisseria Meningitidis (invasive disease)**
-  Norovirus in Food Employees*
-  **Novel coronavirus infection**
-  **Novel Virus Infection with Pandemic Potential**
-  **Paralytic Shellfish Poisoning**
-  Paratyphoid Fever
-  Pertussis (Whooping Cough)
-  **Plague, human or animal**
-  Poliovirus Infection
-  Positive Skin Tests in Children Less Than 3 years of Age Without History of BCG Vaccination*
-  Psittacosis
-  Q Fever
-  **Rabies, human or animal**
-  Relapsing Fever
-  Respiratory Syncytial Virus deaths in laboratory-confirmed cases less than 5 years of age
-  Rickettsial Diseases (non-Rocky Mountain Spotted Fever), including Typhus and Typhus-like illnesses
-  Rocky Mountain Spotted Fever
-  Rubella (German Measles)
-  Rubella Syndrome, Congenital
-  Salmonellosis (Other than Typhoid Fever)
-  **Scombroid Fish Poisoning**
-  Shiga toxin detected in feces
-  Shigellosis
-  Silicosis
-  **Smallpox (Variola)**
-  Syphilis, all stages, including congenital
-  Tetanus
-  Trichinosis
-  Tuberculosis
-  Tularemia, animal
-  **Tularemia, human**
-  Typhoid Fever, cases and carriers
-  Vibrio Infections
-  **Viral Hemorrhagic Fevers (e.g., Crimean-Congo, Ebola, Lassa, and Marburg viruses)**
-  West Nile Virus (WNV) Infection
-  Yellow Fever
-  Yersiniosis
-  Zika Virus Infection
-  **OCCURRENCE of ANY UNUSUAL DISEASE**
-  **OUTBREAKS of ANY DISEASE (Including diseases not listed in §2500). Specify if institutional and/or open community.**

HIV REPORTING BY HEALTH CARE PROVIDERS §2641.5-2643.20

Human Immunodeficiency Virus (HIV) infection is reportable by traceable mail or person-to-person transfer within seven calendar days by completion of the HIV/AIDS Case Report form (CDPH 8641A) available from the local health department. For completing HIV-specific reporting requirements, see Title 17, CCR, §2641.5-2643.20 and [Report Cases of HIV \(longbeach.gov\)](https://www.longbeach.gov/health/hiv-reporting).

REPORTABLE NONCOMMUNICABLE DISEASES AND CONDITIONS

-  Disorders Characterized by Lapses of Consciousness (CCR §2806, 2810)
-  Pesticide-related illness or injury, known or suspected cases (Health and Safety Code §105200)**
-  Cancer, including benign and borderline brain tumors, except (1) basal and squamous skin cancer unless occurring on genitalia, and (2) carcinoma in-situ and CIN III of the cervix (CCR §2593)+

Report a Case or Outbreak to the Communicable Disease Surveillance and Control Division

Phone: (562) 570-4302 | Fax: (562) 570-4374 | After Hours: (562) 500-5537 | HIV/STD Hotline: (562) 570-4321
Secure Email: LBepi@longbeach.gov

Failure to report is a misdemeanor (Health and Safety Code §120295) and is a citable offense under the Medical Board of California Citation and Fine Program (Title 16, CCR, §1364.10 and 1364.11).

*Mandated and reportable to the Long Beach Department of Health and Human Services

** Failure to report is a citable offense and subject to civil penalty (\$250) (Health and Safety Code §105200).

+ The Confidential Physician Cancer Reporting Form may also be used. See Physician Reporting Requirements for Cancer Reporting in CA at: www.ccrca.org.
