

Department of Community Development Planning Bureau Fee Schedule

About the Fee Schedule

The following pages contain the Planning Bureau's fee schedule. A fee resolution is adopted at the beginning of each fiscal year by the City Council. The fiscal year begins on October 1. A project's fees are based on the fee schedule in effect at the time the application submittal is completed. This fee schedule is for Planning Entitlements and related fees only, and does not include building permits, impact fees, or other assessments.

Types of Fees

A project may be subject to the following fees. Not all of the following fees will apply to every project:

- **Entitlement fees:** These fees are for the entitlement permit(s) for the project. Examples of these include a Conditional Use Permit, Standards Variance, Site Plan Review, or Local Coastal Development Permit. Some fees consist only of a flat base fee; others have a tiered base fee determined by project or site size, and some fees have an additional per sq. ft. or per unit/lot fee that scales with project size.
- **Environmental (CEQA) fees:** For most projects, a fee is required for CEQA compliance documents, such as a Categorical Exemption, Negative Declaration, or EIR Compliance Checklist. Most small projects will need only a Categorical Exemption. For certain no-hearing processes, CEQA fees may not be required.
- **County Recorder fee:** All CEQA fees must be accompanied by the County Recorder fee needed to post the completed CEQA document at the Los Angeles County Registrar-Recorder/County Clerk. There is no surcharge on this fee.
- **Noticing fees:** For entitlements that require a public hearing, public noticing fees are required. There are several tiers to this fee, depending on the noticing radius required by code for the project.
- **Surcharge:** All fees are subject to the Department of Community Development surcharge that supports General Plan updates and the Department's permitting system. This surcharge is not charged to the County Recorder fee, or other departments' or agencies' fees.
- **Public Works fees:** Certain entitlement types are subject to an additional fee charged by the Department of Public Works for their review of the Planning entitlement. These fees are collected by the Planning Bureau on behalf of Public Works.
- **Public Works surcharge:** Public Works fees are subject to a separate surcharge that is different from the Community Development surcharge.

Planning staff can assist customers with fee estimation before project submittal, but fees for a project are not official until staff sends a fee invoice to the applicant. If project information is changed after submittal, the fee amounts due may change and additional fees will be assessed if required. For any questions about these fees, please call the Planning Bureau at (562) 570-6194.
