All Planning applications for any work at a wireless telecommunications facility must be submitted using this form. Applications submitted on other forms will not be accepted.

Applications are accepted by appointment only. Call (562) 570-6194 to schedule.

City of Long Beach | Planning Bureau

411 W. Ocean Blvd., 3rd Floor | Long Beach, CA 90802 | (562) 570-6194 | longbeach.gov/lbds

Submittal Requirements for Wireless Telecom Applications

This list contains the application requirements for Planning permits (entitlements) for wireless telecom applications. Separate materials are required for submittal to plan check with Building & Safety. Please contact Building & Safety at (562) 570-6651 to determine the application requirements for plan check.

Required for All Wireless Applications:

- Wireless Telecom Application form.
- Letter of Authorization from Carrier to Vendor.
- Property Owner Permission, consisting of one of the following:
 - Letter of Authorization from Property Owner (this must be from the owner or property management company, and not from a lessee, i.e. tower management company, etc.), or
 - Copy of Carrier's Lease showing that carrier has explicit authorization to make alterations to the site without further property owner approval.
- Payment of fees at time of application. *Application is not considered submitted until fees have been paid.*

Additional Materials Required Based on Application Type:

Site Plan Review Committee Approval (modifications, and co-locations with prior CEQA)

- Electronic plans (pdf format)
- Photo-simulations (pdf format), with at least 3 views of the site. If no exterior visible work is proposed, photographs of the site may be substituted.
- RF compliance statement prepared by a licensed RF engineer, stating that the facility will comply with FCC regulations. This item may be deferred until prior to issuance of building permits.

Planning Commission Approval (new-build sites, and co-locations with no prior CEQA)

- Preliminary Title Report for subject property
- Electronic plans (pdf format)
- Photo-simulations (pdf format) with at least 3 views of the site.
- Coverage and propagation maps (pdf format).
- List and map of all existing sites (by all carriers) within a mile of the proposed site—best effort due diligence is required.
- List and map of all on-air sites in Long Beach belonging to the subject carrier.
- RF report prepared by 3rd party RF engineering consultant showing the site will comply with FCC regulations. This may be submitted after the final site design is established to avoid the need to revise the report.
- Environmental Assessment form (available on www.longbeach.gov/lbds/forms/).
- New-build sites only*: detailed alternatives analysis explaining options for co-location instead of a new-build site and discussing feasibility of each option.

These application requirements are subject to change and may be updated periodically at the discretion of the Zoning Administrator. If you have any questions about the application requirements, please call the Zoning Information Line at (562) 570-6194 prior to submittal.

To request this information in an alternative format or to request a reasonable accommodation, please contact the Development Services Department at longbeach.gov/lbds and 562.570.3807. A minimum of three business days is requested to ensure availability; attempts will be made to accommodate requests with shorter notice.
