NSP

Plan Description:

The NSP is intended to stabilize neighborhoods and stem the decline of housing values. The program calls for recipient cities and states to purchase and rehabilitate foreclosed or abandoned homes. Once these properties are rehabilitated, the City will sell them to qualified buyers that earn 120% or less of the average median income (AMI) salary. Because NSP funds must be allocated 18 months from receipt, the City Council will authorize the City Manager to execute all necessary documents and to acquire and dispose of properties related to the NSP

Recovery Needs:

NSP funds will be used to maximize and complement the City's overall ongoing investment of providing quality affordable housing to as many Long Beach residents as possible. The funds will also have the clear and pronounced effect of revitalizing and stabilizing Long Beach neighborhoods

The City's target areas for NSP program were developed pursuant to the HERA as outlined below:

- Greatest percentage of home foreclosure;
- Highest percentage of homes financed by a subprime mortgage related loan; and
- Areas identified as the most likely to face a significant rise in the rate of home foreclosures

Progress Toward Activity Type Targets

Progress Toward National Objective Targets

National Objective	Target	Actual
NSP Only - LH - 25% Set-Aside	\$1,267,577.50	\$1,610,000.00

Overall Progress Narrative:

As of the current period, 100% of NSP funds have been obligated. As of June 2010, the City has acquired a total of 15 properties. Of these properties, 12 are single-family homes, 2 are multi-unit dwellings, and 1 property will become a land bank.

Project Status: Rehabilitation is complete or nearing completion on 7 single-family units and has begun on 2 additional single-family units. Bids for rehabilitation work have also been accepted for 2 single-family units. One single-family property continues to go through the historic preservation compliance process and is awaiting architectural suggestions and a compliant work write-up.

Resale: After extensive rehabilitation, two previously foreclosed properties were sold to income-qualified households. The Program Income generated as a result was reused for acquisition of other foreclosed single-family housing units. In addition, two other rehabilitated properties are in escrow to be sold to qualified residents.

Impact on jobs: The City and contractors believe that NSP expenditures-to-date have created and/or saved 40 jobs. Additionally, the City believes that the NSP program is stimulating the local economy and is having an indirect positive impact on jobs that support the construction sector via the purchase of construction materials and the use of local vendors.

Activity Description:

This activity is specifically for households earning less than 50% AMI. Under this activity the City is proposing an acquisition, rehabilitation, and rental activity. The City will leverage the funds with the City's Housing Trust Fund (HTF) to implement this portion of NSP. Project specific proposals will be submitted for the acquisition/transfer activity. Rents cannot exceed 30% of the tenants' income and must remain at this affordable rate for a minimum of 20 years. Affordability periods may be longer depending on the project.

1044 Maine- (12 units) Referred by Code Enforcement Checked and compared to Code Enforcement Vacant list and ran Realquest along with the MLS listing and sale history to determine a chain of title. Contacted CBRE per the signage on property and established contact and requested access.

Acquisition was completed on October 21, 2009.

While rehabilitation is underway, project specific proposals are being examined for transfer of ownership to non profit housing agency.

Location Description:

1044 Maine is a 12 unit substandard building in the historic Willmore Drake Park area of Long Beach. Census Tract # 5758.01 located in zipcode 90813-2873 in the Central Long Beach Redevelopment area.

Property is located within an NSP1 greatest need area and is also within an area in which the predicted foreclosure rate is greater than 9.

Activity Progress Narrative:

A 12 unit substandard building in the historic Willmore Drake Park area of Long Beach. Census Tract # 5758.01 located in zip code 90813-2873 in the Central Long Beach Redevelopment area. Property was purchase from Bayview Loan Servicing in October 2009 for \$524,700.00. In November 2009 hired Studio One Eleven, architects to help us with the historic elements of the re-creation of the facade and existing structure. Received the Environmental review and the C of A from Development Services Bureau. Potential work write-up is pending the work from the architect. Rehab is estimated to start in August 2010.

Activity Description:

This activity is for acquisition/rehabilitation/resale to first time homebuyers. The tenure of the beneficiary is home ownership. Should there be an affordability gap while implementing this activity, the City will use LBHDC's Second Mortgage Assistance in order to establish financing mechanisms that will allow to narrow the affordability gap. The amount of the assistance will depend on the household's debt capacity. The City will also rehabilitate purchased foreclosed properties to meet safety, health, and code standards before disposition. The expenditure for rehabilitation will be funded directly through NSP funds. Resale price cannot exceed the aggregate of the acquisition, rehabilitation, and delivery cost. Acquisition of foreclosed and vacant property: 2290 Earl- This was referred to us as a vacant, code deficient house. We researched this property and sent a letter to the asset manager for MLMI Trust, Wilshire credit. After no response I searched for this property on MLS (Multiple Listing Service) and found it listed with a local realtor Kim Yang of Remax.. We established contact and began our process.

Location Description:

2290 Earl is a single-family residential home with 1069 square feet of living area. Property has been vacant and foreclosed upon. Located in census tract #5731.00 located in zip code 90806-4348 near the Central Long Beach Redevelopment area. Property is located within an NSP1 greatest need area and is also within an area in which the predicted foreclosure rate is greater than 9.

Activity Description:

This activity is for acquisition/rehabilitation/resale to first time homebuyers. The tenure of the beneficiary is home ownership. Should there be an affordability gap while implementing this activity, the City will use LBHDC's Second Mortgage Assistance in order to establish financing mechanisms that will allow to narrow the affordability gap. The amount of the assistance will depend on the household's debt capacity. The City will also rehabilitate purchased foreclosed properties to meet safety, health, and code standards before disposition. The expenditure for rehabilitation will be funded directly through NSP funds. Resale price cannot exceed the aggregate of the acquisition, rehabilitation, and delivery cost.
