What is the Housing Element (And Why Does It Matter)?
What is the Housing Element?

**Required Elements**

- Required element or chapter of the City’s General Plan
- Assesses the condition of the City’s housing and the housing needs of its residents
- Establishes a roadmap for accommodating projected housing unit demand for existing and future residents over the next eight years.
- Sets citywide goals, objectives and policies for housing,
- Shows how the City will meet demand for housing at all income levels, per State Law
Housing Element Goals

- The Housing Element Update aims to achieve these overarching goals:
  - Accommodate projected housing demand, as mandated by the State;
  - Increase housing production to meet this demand;
  - Improve housing affordability;
  - Preserve existing affordable housing;
  - Improve the safety, quality and condition of existing housing;
  - Facilitate the development of housing for all income levels and household types, including special needs populations;
  - Improve the livability and economic prosperity of all City residents; and
  - Promote fair housing choice for all.
The “Big Picture” Goal

To evaluate and update the Long Beach roadmap to accommodate the more than

26,000 new units

needed over the next

8 years.

- 30-50%
- 50% or more
Improving Housing Affordability through the Housing Element

- **Policies and programs** in place to help create and conserve housing, especially that which is affordable.

- **Ordinances** implement the policies of the Housing Element

- Some examples:
  - Recent Zoning Code amendment to allow “interim” and permanent supportive housing in commercial and institutional zones to address homelessness
  - Other policies and ordinance currently in development include: Enhanced Density Bonus and Inclusionary Zoning
Inadequate Housing Supply
## Aging and Insufficient Housing Stock

Aging and Insufficient Housing Stock

Tight Housing Market

• Since the 2008 Recession, vacancy rates in Long Beach have fallen below what is considered a healthy vacancy rate.

• A low vacancy rate indicates that there are too few units to meet the demand for housing by both renters and homebuyers.

• As a result, prices increase.

• It has gotten harder to find a place to live over the years.

• It has gotten harder to find an affordable place to live over the years.

• It’s never been easy to find housing in the City.

• It’s easier to find housing in neighboring cities.
Why does the Housing Element Update (HEU) Matter?

• Providing housing for all Californians is of vital statewide importance
  • Housing Elements are a mandatory part of the General Plan
  • Must be updated every 8 years

• Housing availability and affordability affects the people's health, quality of life and the economy

• Detailed roadmap of how the City will meet its RHNA allocation by income level;
  • Lay out the City's plan for removing barriers to housing production to counter well-documented housing shortages
  • Ensure that the City is planning for its “fair share” of affordable housing;
Why Update the Housing Element (Continued)?

- Address homelessness and housing for special needs populations
- Ensure the availability and fair distribution of affordable housing throughout the City
- Alleviate existing patterns of segregation and concentrated poverty
- City can face fines and loss of transportation and affordable housing funding for not complying.
Regional Housing Needs Assessment (RHNA)
Regional Housing Needs Assessment (RHNA)

- Number of new housing units needed

- Each jurisdiction must show it can accommodate its total RHNA number, and its allocations by income level.

- Mandated by State law

Expanding the housing supply through the Housing Element

- Develop an inventory of sites sufficient to meet the City’s RHNA allocation
- Establish additional policies to incentivize both market-rate and affordable housing development such as
- Identify additional strategies to expand housing production
  - Enhanced Density Bonus
  - Legalization of unpermitted dwelling units
  - Micro-unit pilot project
Next Steps/What to Expect
What Is the Process?

- Conduct community outreach to obtain input from residents and stakeholders
- Prepare Draft Housing Element
  - Assess housing needs in Long Beach
  - Identify constraints and resources available
  - Develop goals, policies, actions, and objectives
- Review Draft Housing Element with the community
- Submit Draft Housing Element to State for review and approval
- Adopt the State-approved Housing Element
- Begin implementation
