New ID Media Application

PURPOSE

To inform Long Beach Airport (LGB) Airport partners of the new ID Media Application being implemented on June 18, 2021.

BACKGROUND

The Badging & Access Control Office has updated the ID Media Application and will be implementing the new form on June 18, 2021. The ID Media Application has been modified to comply with federal regulations and streamlined to make it more intuitive.

The new application can be found on our website at <https://www.longbeach.gov/lgb/about-us/airport-badging/>. The revised application can be easily identified by the form number 1002 found at the bottom left corner of the document. To comply with federal regulations, older versions of the application will no longer be accepted after June 17, 2021.

Please see the "Applications Guidelines Form" on our website for details on filling out the new application.
