

LGB DISADVANTAGED BUSINESS ENTERPRISE (DBE) OPPORTUNITIES

As Long Beach Airport (LGB) celebrates 95 years of aviation, we are committed to increasing the opportunities to involve disadvantaged, minority, and women-owned firms in all airport business projects. All airport contracts and concession agreements incorporate policies, procedures, and clauses regarding specific Minority/Women Business Enterprise (M/WBE), Small Business Enterprise (SBE), Disadvantaged Business Enterprise (DBE), and Airport Concessionaire DBE (ACDBE) requirements. It is the policy of LGB to ensure that DBEs have an equal opportunity to receive and participate in DOT-assisted contracts.

ELIGIBILITY

DBE opportunities exist at LGB in professional services or consulting, construction contracting, and airport concessions. To be eligible as a DBE, a business must be for-profit, considered a small business, and the controlling member(s) of the business must be socially and economically disadvantaged. DBEs must be certified by a Department of Transportation-governed transit, airport authority, or through an agent of the Uniform Certification Program (UCP). To confirm DBE status, your company can visit the State of California DBE directory.

UPCOMING PROJECTS
