2019

Construction Complete:
February 2020

PROJECT SUMMARY

The 2nd Street Bike Path project consists of the reduction of the existing medians to accommodate Class II bike lanes both westbound and eastbound. Bollards will be installed and striping will be completed along the bike lanes.

Community Benefits:

- Improve ADA accessibility
- Dedicated bicycle lanes
- Increase safety for cyclists

PROJECT FUNDING

Project Budget \$ 1,900,000
