Instructions:

1. **Cut sign out** along the dotted line that surrounds the panel AND this instruction panel.
2. **Fold down the center line**, so that the sign is on one side, and these instructions on the other side. The folded sheet will provide more strength and stability to your sign.
3. **Cut out the door knob hole**, by cutting the dotted slit to the circle, then cutting out the circle.
4. **Tape or glue**, folded panels together (optional).
5. **Hang it** on your front door knob.
